

Horsepower Farm LLC Disclaimer/Waiver A chassis dynamometer is a tool that is used to measure the horsepower and torque output of an automobile. The use of this tool will push the vehicle to its mechanical limits. With this testing there is a potential risk of damage to the automobile and/or its performance and owner of the vehicle is assuming this risk. Any modifications have been authorized by the owner of the vehicle and are intended for OFF ROAD use only. Modifications performed are not emission nor DOT certified and not intended for public or highway use. Modifications may also void any applicable warranties with manufacturer or underwriting agent. The owner is responsible to obey all applicable Federal, State and local laws as well as statutes and ordinances when operating their vehicle. The owner agrees to hold Horsepower Farm LLC, harmless for and violation thereof. Under no circumstances will Horsepower Farm, its Tuner or Technician be liable for any damage, expense or personal injury incurred by the use, sale or test of ANY modification performed. The owner authorizes the repair/tuning work set forth to be done along with the necessary material and agree that Horsepower Farm LLC is not responsible for loss or damage to vehicle or articles left in vehicle in case of fire, theft or any other cause beyond control or any delays caused by unavailability of part or delays in parts shipments by the supplier or transporter. I grant Horsepower Farm LLC and its employee's permission to operate the vehicle on highways, streets or elsewhere for purpose or testing or inspection. An express mechanics lien is acknowledged on vehicle to secure the amount of repairs. Horsepower Farm LLC is not responsible for damages from freezing due to lack of or improper coolant levels. The owner understands Horsepower Farm LLC offers a 30 day satisfaction adjustment to calibration related issues. After 30 days expires, the owner will be held liable for cost incurred for tune calibration related issues. The owner understands that by signing this document, you authorize to perform up to one hour of diagnostics and repair (billed at \$100/hr) should a minor mechanical issue prevent the tuning calibration process to be completed.
